

BENEFITS:

- More cost-benefits for everyday use
- Good performance on moderate to low-drain devices

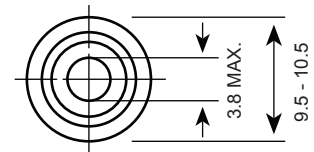

APPLICATIONS BEST FOR:

- GP Supercell Carbon Zinc Battery
- AAA size
- 1.5 Volts

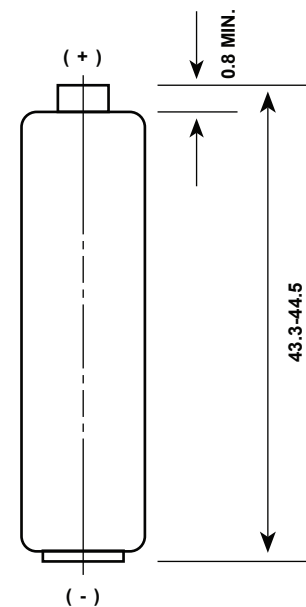

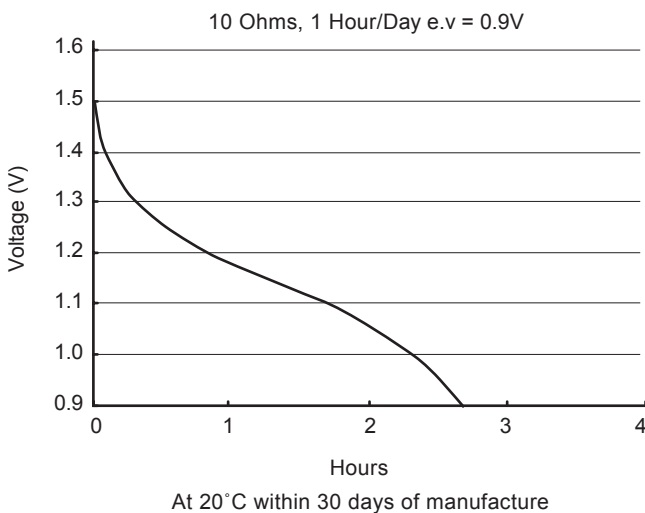

Other Details:

- Carbon Zinc chemistry
- Cylindrical cell type
- Average weight: 8.5g

Typical Service Life:

Discharge Resistance	Discharge Condition	End Point Voltage	Service Life
10 ohms	1 Hr/Day	0.9V	2.7 Hrs

Unit : mm
