

**BENEFITS:**

- More cost-benefits for everyday use
- Good performance on moderate to low-drain devices

**APPLICATIONS BEST FOR:**

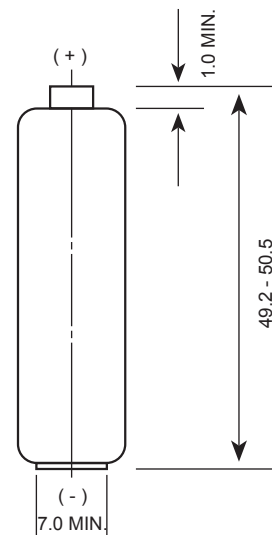

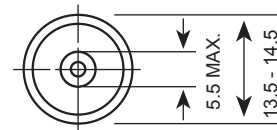

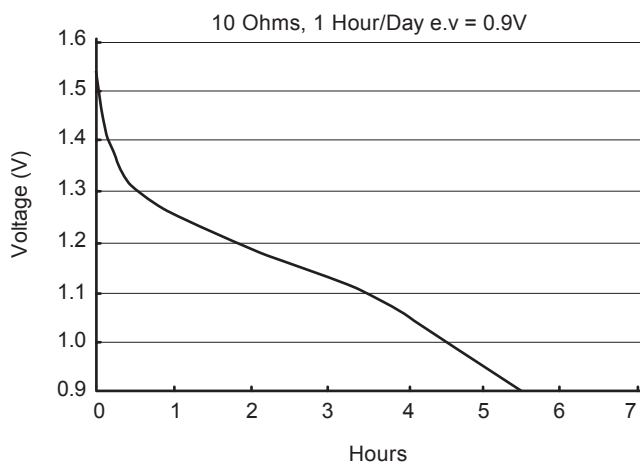

- GP Supercell Carbon Zinc Battery
- AA size
- 1.5 Volts

**Other Details:**

- Carbon Zinc chemistry
- Cylindrical cell type
- Average weight: 17.3g

**Typical Service Life:**

Discharge Resistance	Discharge Condition	End Point Voltage	Service Life
10 ohms	1 Hr/Day	0.9V	5.5 Hrs

Unit : mm
