Portable PowerBank® + Flashlights

Power Solutions

Powerful and reliable, GP Batteries has remained at the forefront of battery manufacturing for over 40 years through sophisticated research and development, precise anticipation of consumer needs and close cooperation with retail partners.

As an expert in rechargeable technology and the leading consumer battery manufacturer in Asia outside Japan, GP Batteries produces batteries, Portable PowerBank and flashlights for virtually all kinds of applications.

GP Portable PowerBank is the most ideal and safe portable energy source for smartphones, tablet PC, video cameras and most USB enabled devices. GP Portable PowerBank is well acclaimed for its 4-level safety protections and cool power, providing comprehensive safety protection for the lithium battery from over temperature, over/under voltage, over power and short circuit.

GP Flashlight presents a full range of torches catering your various needs in everyday life. From home range to outdoor, GP Flashlight lights you up with the best fit design and easy light source.

Recharges your electronic devices anytime anywhere you need.

Never leave home without your GP Portable PowerBank®!

GP insists to provide product of high quality and safety standard

GP Portable PowerBank® with

- Low heat generation
- At least 4-level safety protections
 - Over Temperature
 - Over / Under Voltage
 - Over Power
 - Short Circuit

GP® *Portable PowerBank®*

RECHARGES ANYTIME ANYWHERE

3 Series

With our classic 3 Series Portable PowerBank®, you can recharge your electronic devices anywhere. It consists of varies capacity from 2000mAh to 10400mAh, which fits all your needs. The 4-level LED on the Portable PowerBank® shows the battery status. Selected models equipped with dual USB output in high capacity range. The compact and classic design: ultra slim, light weight and handy makes your life much easier.

7 Series (Fast Charging)

The fast charging 7 Series would be your best partner in life. With colorful and trendy design, the 7 Series Portable PowerBank® is not only functionable, but also fashionable. Portable PowerBank® from 4000mAh to 10000mAh can charge your power-hungry devices for more than one time. High capacity models come with dual(2X) USB output, two devices can be charged simultaneously. With 2.1A or above output, the Portable PowerBank® can charge Samsung Galaxy Tab and iPad directly.

Instant Power

Instant Power is operated by primary battery to charge your devices. It would be the best companion on the go when you need emergency support. The portable and compact design is ideal for traveling and emergency use.

Instant Power

XPB13

- Up to 240* minutes emergency power
- Powered by 1x9V alkaline battery
- Convenient charging via micro USB cable
- Ideal for most USB enabled devices
- Compact & portable
- Ideal for traveling
- Safety features include short circuit protection

* Internal test result: Performance may vary under different conditions, such as the condition of network provided and electronic device model.

Car Adaptor

The **Car Adaptor** model XPC02 and XPC03 are compact and convenient charging via cigarette plug in car. The dual USB car adaptor with two USB ports can charge two electronic devices simultaneously in car. It allows users to charge a board range of mobile or USB enabled electronic devices such as MP3 players, mobile phones, smartphones, tablet PCs and gaming devices.

XPC02

- 2.1A dual USB car adaptor
- Convenient charging via USB ports
- Charge up to two electronic devices simultaneously in car
- LED indicator

XPC03

- 3.1A dual USB car adaptor
- Convenient charging via USB ports
- Charge up to two electronic devices simultaneously in car
- LED indicator

GP *DISCOVERY*

Home Range

GP Discovery Home Range always secures the source of light power in your family. The Range is contemporary and is specially designed for general household use. It's reliable and user-friendly when you need it most at home.

Compact Range

The Compact Range is tailored for personal use. You surely don't want to be left in the dark especially outdoors! Their designs are compact, light-weighted and handy, making them easy to be kept in pockets or briefcases and specially designed with durable aluminium casing. Compact Range offer consumers a bright and continual light source anytime at anywhere.

Outdoor Range

The water resistant Outdoor Range, including hand torches and headlamps, are developed to be used under adverse weather conditions. The torches are designed with non-slip rubber grip and handy strap for gripping while the headlamps have pivoting heads with more than 90° adjustment for beam orientation. Their long lasting never needs replacing, making them the most dependable outdoor lighting tools.

Searcher

Featuring a high-powered light bulb, the Searcher torch comes with reliable, easy to operate slide switch. To reduce accidental rolling it has a sleek, contemporary anti-roll design. A general-purpose torch, the Searcher is an economical, attractive and practical addition to any essential safety items list. Good quality at value price, it's perfect for everyday household use.

Capacity	4000mAh	6000mAh	8000mAh	10000mAh
Backup Power to iPhone 5(est.)	>1.5 times	>2.5 times	~4 times	~5 times
Input Current	1A	1A	1.5A	1.5A
Output Current	2.1A	2.1A+1A (dual output)	2.4A+1.6A (dual output)	2.4A+1.6A (dual output)
Recharging Time	5 hrs	7 hrs	6.5 hrs	8 hrs
Safety Protections	Yes	Yes	Yes	Yes
LED Indication				
Recharging Status	4 LEDs	4 LEDs	4 LEDs	4 LEDs
Battery Status	4 LEDs	4 LEDs	4 LEDs	4 LEDs

AutoPower Car Adaptor

Model Name	XPC02	XPC03
Image		
Specifications		
Input Voltage	10 - 18V DC	10 - 18V DC
Output Voltage & Current	5V DC 2.1A (for one USB output)	5V DC 1A & 2.1A
	5V DC 1A (for two USB output)	
Dimension	48(L) x Ø30(Ø20)mm	76.9(L) x Ø32(Ø20)mm
Weight (Car Charger Only)	18g(approx.)	26g(approx.)
Operation Temperature	0° - 40°C	0° - 40°C
LED Indication		
Condition	LED Indicator	LED Indicator
Input power is detected	Blue LED on	Blue LED on

Instant Power

Model Name	XPB13
Image	
Design	
Dimensions	80 x 36 x 22 mm
Weight	28g
Functionality	
Power Source	1 x 9V alkaline battery
Output Current	0.5A
Discharging Time	45 mins
LED Indication	
Condition	LED Indicator
Charging Status	1 x LED

Torch
